Before leaving your plant on each visit, Mr. _____ will meet with the Hunter Service Technician to discuss the work accomplished and any recommendations.

My shutdown is for a period of _____ day(s), beginning _____ .

Providing the Hunter schedule permits, do you prefer we make a Service Contract call during your scheduled shutdown?

Please keep in mind that the actual date of each Service Contract call is coordinated by Hunter to coincide with other visits in your area if applicable. This results in a savings in travel cost as outlined in our Service Contract Customer Services.
